

KPTC Annual Gift Campaign

Dear Fellow Kiwanians:

Each year we reach out to all our local Kiwanis Clubs to ask for continued financial assistance in order to support the Kiwanis Pediatric Trauma Center Foundation's mission in reducing pediatric trauma related death and injuries of our young children. Many of these children are saved and their disabilities reduced or eliminated because of the establishment of a fully staffed, optimally equipped pediatric trauma center, supported by trained out-patient care providers and safety programs.

It's YOUR Club's annual gift of \$250 that helps maintain our world-class facility at North Shore-LIJ Hospital, Manhasset, New York.

This year please give the gift of HOPE for our children. KPTC belongs to YOU and will be there for the children in your community should the need arise. Please send what you can. As an acknowledgement of your gift, you will receive a new KPTC banner patch to proudly display on your Club's banner.

Thank you so very much,

The KPTC Annual Gift Campaign Committee

KPTC Foundation History:

In 1991, the New York District of Kiwanis International and its Foundation, agreed to form an alliance with the North Shore University Hospital in Manhasset, Long Island, to create the Kiwanis Pediatric Trauma Center – KPTC, at the time, the only one of its kind in the region. A designated Trauma Level 1 Hospital, North Shore University Hospital treats seriously injured children and is fully equipped for sophisticated pediatric trauma care.

Won't you please help us in our efforts to keep our children safe and to provide the very best specialized emergency care should the need ever become necessary.

All proceeds from the Annual Campaign goes to benefit the Kiwanis Pediatric Trauma Center Foundation at North Shore University Hospital.
